The Venice Architecture  
Biennale Patrons Programme  
2016

# We're taking New Zealand to Venice. Join us.

The Venice Architecture Biennale is a unique event. Over six months, scores of countries exhibit their architecture in the incomparable setting of one of the world's most beautiful cities.

The Architecture Biennale is a great reason – on top of all the others – to visit Venice, and 2016 offers an opportunity to not just see the Biennale but to experience it close up.

For only the second time, New Zealand will have an official exhibition at the event. The New Zealand Institute of Architects invites you to be there with us and our creative team as we launch our exhibition, *Future Islands*.

Become a Patron and join us in Venice for the Vernissage (26 and 27 May, 2016). Meet our creative team, come to our opening events, and gain a preview of the whole Biennale before it opens to the public. Stay a few days and enjoy a guided tour of some of the great architectural landmarks in the Veneto. Take some time to get lost in Venice.

Be there as we take New Zealand architecture to the world.
